**Star Lovers**

This report is designed exclusively for love relationships. The interpretation for George and Laura uses a technique called 'Synastry' which is the branch of astrology dealing with relationships.

It should be pointed out that even the most unlikely love relationship can be made to work if both parties are prepared to put in the effort required. However, there are almost always some adjustments and compromises to be made in any relationship where there are two separate individuals with wills and personalities of their own.

Interpreting a relationship between two people is a complex business. A good analogy to this type of astrological assessment is the way you view a statue. Looking at a statue from the front gives you an idea of what it looks like from a single dimension. It is only by walking around it and viewing it from various points that you begin to see it as a multi-dimensional creation. This is when we can start to understand more about its total composition, what makes it what it is. So it is with the astrological assessment of a partnership.

This Star Lovers report is divided into two distinct sections, each one examining the relationship from a different vantage point:

**Part One - Relationship Potential**

This section provides overviews of both George and Laura. It examines your relationship potential as individuals, and investigates what each of you needs and expects from a partnership, as well as from a romantic and sexual relationship.

**Part Two - Relationship Compatibility**

This section looks at how each of you perceives and experiences the other, examining the strengths and weaknesses of the relationship and pinpointing potential problems.

Each connection is given a Star Rating from one to five to show their relative importance. To the right of each pair of symbols, denoting the connection, is a group of five stars ★☆☆☆☆, the more dark stars there are the more important the connection. The keys for the planets and the other symbols and terms used are given at the back of the report.

## Part 1 - George's Relationship Potential

An astrological chart is divided into 12 'houses' each of which represents a different sphere of human life. The 5th, 7th, and 8th houses are concerned with relationship potential. Although these houses also have other meanings, here they are defined and interpreted as George's love relationships (5th), George's partnerships (7th) and George's sexual relationships (8th).

### George's Love Relationships

The 5th house describes romance and courtship: the qualities you seek in a lover and in a love relationship. You may be attracted to different types of lovers who possess one or more of these qualities, but you are most likely to find true happiness with the one person who combines most or all of them.

#### 5th House Cusp

##### **The grass is greener on the other side**

Your happy-go-lucky approach to life and love and your natural optimism and enthusiasm makes you a much sought after lover. Restless and easily bored, you need variety; both in, and out of, the bedroom so your natural curiosity can be mistaken for promiscuity. Virtually impossible to shock in any way, you enjoy romantic adventure and are ever eager to broaden your already broad mind.

You are drawn to relationships with people from different cultures and countries that enrich your life and worldview. However, you do have a tendency to think the grass is greener on the other side, so there may be times when you need to develop a little more patience and persistence when it comes to love - if you're not to regret letting someone special slip through your fingers. Impracticality, coupled with your natural generosity towards your lover, could get you in a tight spot financially but somehow you always manage to land on your feet, even if you're left with holes in your shoes.

The emphasis in love relationships is on movement. Once something new is experienced and digested, you go on to different situations. Your lover may not always be consistent, but you should be philosophical about it and focus on having fun.

#### in 5th House

##### **Serious pleasures**

You take your love life seriously and need to be careful not to treat courtship, and the sex act, like a commercial arrangement or make too many demands too soon thereby frightening off potential lovers. You can be a real contradiction when it comes to matters of the heart; while you get a perverse pleasure from playing the puritanical vicar in public, in private you can be a very naughty little devil.

While your public persona may deter more overtly sensual individuals (although it's often the reverse!!!), at the same time, you risk attracting those who feel their chastity is safe in your hands. Your love life is, therefore, likely to be a litany of some rather peculiar entanglements. Ideally, and eventually, you will find yourself drawn to those who share your quiet dignity whilst, at the same time, improving your status in the eyes of the world.

You do not take romance lightly and are uncomfortable with those who refuse to commit themselves. You are drawn to serious, dependable people. Your lover may not often take you to amusement parks, but the Stock Exchange can be fun, too!

5th House Ruler ♃ in 3rd House

**Love and romance is on your doorstep**

Those in your immediate locale and siblings are likely to prove helpful in your pursuit of love and romance. Communication, whispering sweet nothings and love letters are a crucial part of romance for you. You may even find a lover through the personal ads in your local newspaper.

While flirtation is a real turn on for you, there may be times when you talk your way out of the other side of the bed with a potential love mate who'd prefer a bit more action and a little less conversation! A romance with someone from your schooldays could greatly affect your attitude to love.

You want lovers in close proximity; long-distance relationships aren't for you. You are not particularly drawn to the silent type because long pauses in conversations are uncomfortable. Besides, you believe romantic ideas should be talked about.

No Planets in 5th House

**Easy come easy go**

While romance and sex is important to you, it is not a big deal, nor does it occupy as much of your time and energy as it does for some. Your love life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sensual pleasure actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when they eventually settle down you're usually keen to get on with other things.

You are not as particular about what you like romantically as some, consequently you are more than willing to compromise with your lover. You find it relatively easy to get satisfaction and pleasure from your lovemaking and are willing to make the adjustments necessary to achieve your ends.

## George's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership, but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems. For that reason, they are more fully addressed here.

When George's love affair shifts to a partnership the emphasis of his relationship changes, according to characteristics described by the signs and planets of the 7th house, as well as the position of the house ruler, outlined below.

### 7th House Cusp

#### **No ordinary love**

Because you demand a lot from life, you also demand a lot from others, so when it comes to your close personal relationships, you don't want "no ordinary love". You are drawn to individuals who, like yourself, have something more to offer the world, or at least something different. You may find yourself involved with someone who is a non-conformist, a revolutionary, a genius, an anarchist or a crank. Whoever they are they are unlikely to be ordinary 'run of the mill types'. While your sense of pride demands a faithful partner, you also want lots of freedom and independence in your close personal relationships.

Unconventional and contrary types are drawn to you because you do have a certain undeniable star quality and charisma about you. At times you have to tread a fine line between maintaining your individuality and keeping a committed, supportive relationship alive. Others may also find that your private persona, up close and personal, is very different to the one you present to the wider world. Your desire for freedom within your relationships can become an issue, as can the balancing of your need for emotional security against the risks of greater freedom and independence.

Nevertheless, it is important that if you do team up with individuals on the fringes of society, you are doing it for love and not simply to rebel against traditional expectations about relationships. You are likely to be unconventional in your approach to partnerships and, while you can make a very loyal, faithful, devoted mate, you would rather walk away from a promising situation if it meant that you had to compromise your own self-worth, values or pride. You feel it's possible to be committed without being totally faithful, which others may not appreciate.

You may marry someone from a different cultural or religious background than your own; or a person who is a free spirit. You consider your view of relationships to be modern, but here words may truly speak louder than actions.

♃ in 7th House

### **A marriage made in heaven**

Your reserved, practical and analytical approach to the world can be very effective and efficient when it comes to getting things done. However, it's very likely that the more systematic and efficient your approach to life, the more likely your close personal relationships will be the very opposite. Your relationships are probably a source of much chaos and your romantic dreams are likely to draw you, at times, to people who may be totally unsuitable.

You may happily clear up the mess others make, looking after the details they forget or neglect. Of course such a combination really can be a marriage made in heaven and you are likely to your mate on a pedestal. The key to making it work for you may be to adopt an attitude of unconditional surrender and self-sacrifice. Because no relationship or individual can escape your critical eye, the more you deify your mate and put them on a pedestal, the more you are setting yourself up for subsequent disappointment.

It really is okay to make a mistake, and while you are likely to have some very peculiar and unusual experiences in relationships, it is important to try to relate as equally as you can to your opposite number. Try not to let your critical eye prevent you from getting up close and personal with someone who, while less than perfect, may well be able to help you get your deeper needs met. You are attracted to beautiful dreamers, and they to you, because together you can combine reality and romance, making your hopes and dreams a reality. Try to avoid taking over the lives of your opposite numbers and trust them to take you down a more rewarding, if uncertain, path to happiness and love.

You want to be as one with your partner, experiencing the problems and triumphs as though they were your own. Be careful not to lose your identity by relating too closely with another. Ask your partner to share some of YOUR dreams.

7th House Ruler ♃ in 11th House

### **Love and friendship**

You need a partner who is also your friend. This is probably the most important factor you look for in a relationship and it may be that you become intimately involved with your friends. Your peer group and lifestyle is also likely to affect your choice of partner and type of relationship. However, it is important to distinguish friendship from love, because a good friend doesn't always make a good partner.

Nevertheless, you'll probably remain good friends with your ex-partners. You also need a partner who is a kindred spirit, someone who shares your humanitarian ideals, hopes and wishes for the future. Since you're likely to be a bit of a socialite, it's through your social circle that you are most likely to meet your opposite number and it is important for you that they get on with your friends and like to be out and about as much as you.

You and your partner may be group-oriented and you could be united behind some humanitarian cause. You will definitely not be isolated from society. You need intellectual involvement in order to maintain your individuality and pure objectivity!

No Planets in 7th House

**Take it or leave it**

While relationships are important to you, they are not the be all and end all for you, nor do they occupy as much of your time and energy as they do for some. Your relationships are subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the responsibilities and commitments of relationships often takes you away from the activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when they eventually settle down you're usually keen to get on with other things.

This does not mean that you will never marry, nor have a close one-to-one relationship. In fact, your demands are less complex than most, so you won't expect as much of a partner and it may be easier to get along with yourself.

## George's Sexual Relationships

In the context of a relationship, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. The signs and planets in the 8th house and the position of the 8th house ruler are used to determine George's sexual needs and the characteristics of his sexual partners.

Since sexual activity can be an ingredient in both love affairs (5th house) and partnerships (7th house), you must decide which category your relationship belongs to and combine the relevant definitions. If the relationship is purely sexual, you can ignore the 5th and 7th houses.

♃ 8th House Cusp

### Sexual fantasist

An idealistic dreamer and even a bit of a fantasist, you can be very emotional and sensitive about sex. You have the gift for expressing your passion and desire in subtle and imaginative ways, although you need to be crystal clear to avoid unclear and embarrassing situations. Somewhat elusive when it comes to your approach to sex or the details of your sex life, your secretiveness may give the impression there is something mysterious or taboo going on.

At times you seek escape from the humdrum of life through sexual excess, and therefore, may have to wrestle with your deeper and darker desires to get a hold on them, rather than be at their mercy, as if enslaved, compulsively indulging in inordinate sexual activity. To melt and merge with another can be heaven, but it can also lead you to the sewer, as you become increasingly entangled and spellbound, dissipating your resources and with the risk of being drawn to self-destructive and compulsive sexual conduct.

You may look upon sex as a mystical experience, but you might have to learn that it is as blessed to receive in this area as it is to give. Suffering is not the only way to tap into the universe. Sharing of pleasure can produce the same results.

8th House Ruler ♃ in 3rd House

### One track mind

You probably do a lot of thinking and talking about sex. Sex is a constant preoccupation and not in some abstract, philosophical way, but rather, more concerned with the nitty-gritty of sweaty reality. You're unlikely to have to travel too far from home for sex since the best opportunities could be waiting for you on your doorstep.

An interest in erotic literature or pornography, which you may well read as well as write, could turn into a magnificent obsession. You express yourself in such a way that even mundane communications alternate between the serious and saucy. Fond of double entendres, you may become known for your salty sense of fun. Your voice may also be something you use sexually, whether that involves whispering sweet nothings or talking dirty.

You have a seductive, sexy tone and can make your partners' juices flow without even touching them. It may also be that you like to create an environment that's conducive to sex, such as mirrors on the ceiling, a waterbed, or simply a harness in the back room.

For you, there must be more to a sexual relationship than sex itself. You want to be appreciated for your mind as well as for your body. You are also much more amenable when sociability and pleasant conversation accompany sexual activity.

No Planets in 8th House

**There's more to life than sex**

While sex is important to you, it is not the big deal, nor does it occupy as much of your time and energy as it does for some. This does not mean your sex life is uneventful it's just that your sexual demands and tastes are probably less peculiar or complex than they are for others.

Your sex life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sexual gratification actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when things eventually settle down again you're usually keen to get on with other things.

You are not doomed to a life of celibacy. It is just that your list of requirements in a sexual partner and needs, in sexual activities will be shorter than most, though very likely your enjoyment will be just as great.

## Laura's Love Relationships

The 5th house describes romance and courtship: the qualities you seek in a lover and in a love relationship. You may be attracted to different types of lovers who possess one or more of these qualities, but you are most likely to find true happiness with the one person who combines most or all of them.

### 5th House Cusp

#### **Sex slave**

Often, at the beginning of a love affair, or when you're feeling unsure, you may sacrifice spontaneity for the security of knowing where you are going on a date, and how you are going to spend each and every minute. Taken to extremes, sexual intercourse may feel more like a medical examination than an expression of mutual love!

You also need to make sure you don't let your critical eye prevent you from letting love into your heart. However, when you do find your groove with a lover, you take an inordinate interest in doing every little thing just perfectly. You'll notice the details, find your lover's erogenous zones and then go about discovering how, and when, to make their toes curl with delight.

In fact, you often gravitate to a position of servitude, whereby satisfying the needs and desires of your lover becomes a source of great pleasure for you. Of course you need to avoid becoming a doormat, or going on automatic pilot, where concentration on technique leaves little room for love to work its magic.

Your lover will be practical and well ordered. There may not be a great deal of spontaneity in your love relationship, but there is a sense of security in knowing where you are going on a date, and how you are going to spend each minute.

### in 5th House

#### **Smooth operator**

Charming, attentive and with impeccable manners, you are generous to a fault when it comes to showing your affection. By nature you are friendly, sociable and prone to flattery that makes others feel better about themselves; all of which makes it easier for you to get your own way. This can be your Achilles heel when it comes to love.

On one level, you'll give some people the impression you think they're special when, in fact, you're only trying to oil the wheels. On another level, when romantically involved, you're likely to say all the right things, just to keep the peace. You are drawn to attractive, artistic and articulate people and have a wonderful ability for making others pursue you.

You are drawn to people who are attractive, charming, but perhaps indecisive. There will be more discussion than activity. When you tire of sitting around, suggest an art gallery. This will appeal to your lover's artistic sense and get you moving.

5th House Ruler ♀ in 7th House

### **Marrying for love**

You may have a more traditional attitude where love and romance is concerned and find that it can only be enjoyed with a (potential) marriage partner. However, if, and when, you make a major commitment to another person, you will do it for love. Other considerations such as financial security, prestige or duty are not as important to you as love and romance. Romance is rarely an end in itself.

Early in a courtship you want to know your lovers' intentions. Since you consider romance as the precursor to a long-term relationship, you need to be careful not to scare off potential soul mates by asking for too much of a commitment too soon. At the same time you will want to avoid wasting time on those lovers who just want a good time with no strings.

Romance is rarely an end in itself. Early in the dating game you want to know your lover's intentions and consider their potential in a permanent relationship. In other words, you'll concentrate more on the long-term impact than on the present.

No Planets in 5th House

### **Easy come easy go**

While romance and sex is important to you, it is not a big deal, nor does it occupy as much of your time and energy as it does for some. Your love life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sensual pleasure actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when they eventually settle down you're usually keen to get on with other things.

You are not as particular about what you like romantically as some, consequently you are more than willing to compromise with your lover. You find it relatively easy to get satisfaction and pleasure from your lovemaking and are willing to make the adjustments necessary to achieve your ends.

## Laura's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership, but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems. For that reason, they are more fully addressed here.

When Laura's love affair shifts to a partnership the emphasis of her relationship changes, according to characteristics described by the signs and planets of the 7th house, as well as the position of the house ruler, outlined below.

### 7th House Cusp

#### **Beauty and the beast**

Since you are very tactile and sensual when it comes to your personal relationships and encounters, you need someone with whom you can be very up close and personal. You want deep, meaningful companionship, loyalty and sex - and lots of it. In fact, sex could well be a source of conflict; although there may be times when it is the one thing you have in common, providing the glue that keeps you together. Either way, issues of sex, intimacy, power or trust will have to be dealt with in your close personal relationships.

Since sex is so important, and you are not easily swayed, when you do start something, you will often stay and work at a bad relationship rather than end it. Therefore, the times when endings are inevitable often bring about deep-rooted change in your life. In fact, it is through your relationships and the important people in your life that you experience periods of rebirth and renaissance. Your partner often acts as an agent for change and transformation in your life. You are drawn to individuals who are intense, charismatic, powerful and somewhat secretive. Individuals who may be cool and aloof at first meeting, but deep, dark, mysterious and occasionally dangerous when you do get up close and personal.

Your opposite number may also make a good business partner and vice versa, since your sensual nature will attract passionate individuals to you. Manipulation can take place where money and sex are concerned. At your best you make a loyal, deeply committed and intimate partner. Learning to trust, and be trusted, is important if your relationships are to grow and develop outside of the bedroom, but in the process, you may have to deal with your own, and others' jealousy, possessiveness and suspicion.

Privacy versus togetherness will be an issue in partnerships. Because time together is so concentrated, you or your partner periodically needs some space. Possessiveness can arise, but with it comes great loyalty, which perhaps is compensation.

♄ in 7th House

### **Sometimes you hold on best by letting go**

Since you're never likely to be short of admirers, it may be difficult for you to make a serious commitment to someone, especially when pastures have a habit of looking greener elsewhere. However, any commitment you do make is unlikely to be too 'serious' because you are only drawn to individuals who have a cheerful, happy-go-lucky approach to life.

When it comes to your close personal relationships you like freedom to express your self and do your thing. You don't like being restricted in your relationships. Therefore it is important that your opposite number learns early on the significance of the notion that, as far as you are concerned, "Sometimes you hold on best by letting go". You don't like being tied down, especially in the bedroom, so while you may have numerous affairs, you might wait before making a commitment, preferring companionship to sex.

When you do get involved it is usually on your terms. It is important that your relationships have a consciousness-raising effect on you and that they serve to broaden your views on life, love and the universe. Therefore, you may get together with a foreigner or someone from a different social or cultural background. By nature you are extremely curious and so someone who can feed that side of you, and take you on an intellectual adventure, is likely to have much of what it takes to keep you around.

You like a laugh, and although you like philosophical and intellectual types, anyone too serious or too pompous is likely to make you restless and impatient. Your relationships are themselves a source of adventure, since it is through others that you are able to broaden your perspective, expand your horizons and find a more universal and inclusive approach to life.

The emphasis in partnerships is on development. Too much 'togetherness' can be restrictive, but some expansive experiences should be shared so that neither partner is left behind. Joint activities should include travel or studying together.

7th House Ruler ♃ in 4th House

### **Safe haven**

You need a partner who acts like a port in a storm, a person who represents a safe haven from the harsh realities of life. A partner prepared to stay in the background, and yet who can offer you comfort, support and stability. Your family is likely to have an undue influence or affect on your choice of partner and you may be drawn to someone who acts like a surrogate parent to you.

You need someone a little docile, domesticated, but at the same time warm and loving. However it is important that you don't let preoccupation with a significant relationship from the past prevent you from making the most of opportunities in the here and now.

There is a strong nesting quality here, connected with partnerships. When the home is insecure, you may question the validity of the relationship. Therefore you should undoubtedly concentrate on establishing a firm, but comfortable, home base.

♀ in 7th House

### **A meeting of minds**

You like to talk and share your ideas with your opposite number. For you, a marriage of minds takes precedence when considering the suitability of a potential partner. While you love flirting, repartee and innuendo, you may neglect the sexual side of your relationships. This may be a problem for some of your partners, who are not only interested in your beautiful mind. You learn much from your intimate relationships and may prefer a younger partner who is quick witted, alert and keeps you on your toes. Don't let your concern with what others think stop you from doing your thing. Your desire for mental co-operation and communication draws you to relationships with intelligent, shrewd, but sometimes, unreliable individuals. However, problems are most likely to occur in your relationships because of misunderstandings, differences of opinion and arrangements that are not kept. Try to avoid nagging chatterboxes. You may become intimately involved with a distant relative, a school friend or a twin.

You believe that problems in your partnership can be avoided by discussion and lines of communication must therefore be kept open. Combined with other factors in your chart, conversation flows easily or requires effort. Either way, it will be an issue.

♀ in 7th House

### **Spoilt for choice**

You're a natural born diplomat, gifted in the art of creating peace and harmony in human relationships. Gracious, charming and social, you see the beauty in others and you are popular because of your consideration for others. You let others do most of the work in relationships and take great pride in your partner's attractiveness. You may choose a partner blessed with social grace and beauty. While you tend to be drawn to affectionate, artistic and beautiful people, you also attract the most charming and yet slovenly, lazy, self-indulgent types. While there is no guarantee you'll have a perfect union, love and affection is indicated - whether or not your partner deserves it. Very idealistic in love, you desire ease, luxury and companionship and your affectionate nature often brings the good things of life to you.

You want an attractive and charming partner with whom you can share pleasure and affection. Make sure, however, that you dig beneath the surface because there has to be more substance to a long-term relationship than just enjoyment and good looks.

♂ in 7th House

### **Macho mate**

While you have a strong desire for intimate personal relationships you like to maintain your independence. Your relationships are likely to be passionate and combative. Since others are apt to find you physically attractive, make sure there is plenty of physical and sexually activity with your opposite number otherwise, all that energy may spill over into conflict and your relationships may be brief, intense and then boil over and end abruptly. The pressure you feel from others will keep you on your toes but you need to be mindful not to commit yourself too hastily, on impulse, or fuelled by passion. You need to avoid quarrelsome, irascible and bad tempered partners, but rather seek out strong, decisive, dynamic and energetic individuals whose energy and initiative will help you achieve your ambitious.

You want a partner who is strong and decisive, but you will resent decisions being made for you. To avoid anger and ultimate confrontations, state your opinions directly so that you can feel you have some say in directing the relationship.

## Laura's Sexual Relationships

In the context of a relationship, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. The signs and planets in the 8th house and the position of the 8th house ruler are used to determine Laura's sexual needs and the characteristics of her sexual partners.

Since sexual activity can be an ingredient in both love affairs (5th house) and partnerships (7th house), you must decide which category your relationship belongs to and combine the relevant definitions. If the relationship is purely sexual, you can ignore the 5th and 7th houses.

### 8th House Cusp

#### **Recreational sex**

Enthusiastic, frank and open when it comes to sex, you like variety and adventure in the bedroom, since, if things start to get stale and your partner stops making your toes curl, you are apt to be off in search of some other sexual target. You're quite fortunate when it comes to sexual escapes and adventures.

You find it relatively easy to express your needs for intimacy when up close and personal and to get those needs met. Somehow you know it'll all work out and so tend to adopt a happy-go-lucky approach to your sex life. Not that it's always a smooth ride emotionally, since you have a tendency to have too many irons in the fire and spread yourself too thin sexually.

Your direction in sexuality may follow one of two different courses. You may view sex with a kind of reverence, or else you may consider it merely a form of recreation. For the greatest kind of satisfaction, you should combine the two attitudes.

### in 8th House

#### **Randy old goat**

You have a breezy, cool and sociable exterior. When it comes to sex you can be as randy as an old goat. However you may have a tendency to repress your passions, developing self-control in the sexual arena, or alternatively going to the other extreme, indulging in relentless sexual activity in order to feel good. Your sexual needs are probably quite primitive and instinctual.

You may even know how to use sex to further your ambitions or gain control over others. However, you may feel at times that when it comes to intimacy things can get a little heavy and burdensome. You generally want to be free to come and go as you please, responsibility weighs heavily on your shoulders and therefore you may feel the sexual side of relationships is more trouble than it's worth leading to commitments and ties you'd rather live without.

You take sexual matters seriously, and having practical reasons for a sexual involvement will be helpful. You may not be spontaneous and original in this area but that does not have to detract from your feelings of accomplishment.

**Sexual healing or a slave to sex**

Whether your work involves dealing with issues of intimacy, secrets, death or other people's money, your workplace could in some way be involved with sex. Whether you work in the sex industry, or whether your colleagues become your lovers, somehow sex is connected with your work and day-to-day routine. You may find that you need sex on a regular daily basis, like some people need their daily constitutional, to help you discharge tension and rejuvenate yourself.

However, problems in your sex life, but more pointedly, difficulties around issues of trust and intimacy with your sexual partner, could have detrimental effects on your health. Any psychosomatic illness may well be traced back to difficulties in your bedroom. A good sex life is important for your physical and psychological well-being and you'll find that the healthier, and fitter you are, the more you get out of your sex life.

At some point you may actually feel you are at the mercy of your desires, like a slave to sex, doing whatever is necessary to give priority to this deep need within you. However, at your best, you see sex as a means through which you can give unselfishly of yourself to another.

You are fussy about a sexual partner and may ask for a complete biography before you become involved. But once involved, you'll probably fall into a set routine because you feel most secure when you know what you can expect.

**There's more to life than sex**

While sex is important to you, it is not the big deal, nor does it occupy as much of your time and energy as it does for some. This does not mean your sex life is uneventful it's just that your sexual demands and tastes are probably less peculiar or complex than they are for others.

Your sex life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sexual gratification actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when things eventually settle down again you're usually keen to get on with other things.

You are not doomed to a life of celibacy. It is just that your list of requirements in a sexual partner and needs, in sexual activities will be shorter than most, though very likely your enjoyment will be just as great.

At times George's reluctance to stand on ceremony or waste time on pleasantries may leave Laura feeling less like an object of love to be romanced, wined, dined and seduced, but more like a trophy to be stuffed, and mounted and then nailed to the wall above the mantelpiece!

**How Laura's discipline affects George's personality**

Laura can be a source of much support and stability for George. Although the relationship may take a while to deepen and develop, over time George may feel a great deal of responsibility for Laura. However, Laura needs to be mindful not to stir up too many of George's fears and anxieties. Laura may have to learn not to be too critical or demanding of George otherwise she risks becoming a burden rather than a steadfast source of security.

Nevertheless what might have started out as a romantic love between Laura and George may soon reach a point where they find themselves at a crossroads and have to think seriously about whether they want to take things further and deepen their commitment to one another.

For relationships to work long-term there needs to be a certain amount of 'glue'. Laura and George have that 'glue' should they choose to take things further. Laura's behaviour on this issue may be a bit puzzling to George at first. Initially Laura may be reluctant to commit but, over time it may be she who appears most eager to cement the relationship, although this may be presented in indirect ways - in her attitude as much as her actions.

Laura and George may feel the hand of fate at work in their relationship and resign themselves to the fact that despite whatever difficulties they may face, somehow they were meant to get together.

*You can feel a strong bond between you and your partner, whether you like it or not. It may be that your partner holds you back, or maybe you feel secure and responsible because of your partner. It's probably some of both.*

### **How Laura influences George's personality**

Laura may have a powerful, almost hypnotic hold over George at times. Like a Guru or mentor, Laura may be able to see great talent and potential in George and may encourage him to make more of himself. There is a real possibility of Laura and George becoming embroiled in energy draining power struggles. It seems that so much is at stake when they get 'up close and personal', that unconscious motives and hidden drives surface. They may both project all kinds of unsavoury characteristics on to each other, qualities they may have difficulty accepting in themselves.

If Laura and George believe in past lives they may consider that they have some unfinished karmic business to work out from a previous life. Laura can have a rejuvenating effect, both physically and emotionally on George. Laura's approach to their relationship has a lot to do with her need to confront, unmask and even undress George. Laura emanates a mysterious intensity and sexuality, which may make George a bit uncomfortable at first, especially if Laura's anxieties are triggered and she becomes increasingly possessive of George.

When it comes to sex, Laura will tend to play the dominant role. Laura's need for sexual gratification is strong, something which George seems to easily arouse in Laura. However, if Laura's preoccupation with sex makes her a slave to her desires, George may grow to find her constant attention uncomfortable. Laura may be reluctant to let George know how vulnerable she sometimes feels and may use indirect methods or manipulation to get her way in the relationship. Together Laura and George have the potential to establish a deep and meaningful personal relationship.

*Your partner may help you to transform in some way by helping you to look deeply into yourself. If your partner sometimes seems too dictatorial, directing your every move, remember that, ultimately, we are really in charge of our own lives.*

### How Laura's altruism influences George's ability to understand

Laura and George's relationship may have its fair share of misunderstandings and communication problems. At times Laura's approach to conversations may leave a lot to the imagination and so, in order to get the message, George may feel the need to regularly read between the lines when she is talking.

Laura may be prone to mixing fact and fiction, using innuendoes that could have an undermining effect on George who is apt to be aware that something is amiss. If such situations were to arise, Laura may not be able put her finger on what is wrong except to admit certain unease.

Nevertheless, Laura's insight and understanding can be a great benefit to George, especially in areas of study, since she can often be very skilled in describing and explaining things in the form of pictures and images. Laura has a knack for finding solutions not based on common sense or logic and will encourage George to use his intuition and make more of his creative mental and writing talents.

Laura can inspire George and brings out a deeper dimension to his perspective on life, love and the universe, encouraging his special interests and latent abilities. It is important that Laura and George develop a relationship based on mutual trust and sympathy, otherwise, George may feel unable to trust telling Laura too much for fear of being undermined through gossip and misunderstandings.

Whether George is aware of it or not, he has a way of making some situations less clear and straightforward than Laura would wish. At times Laura seems to be able to pick up on, and tune into, George's thoughts and it may appear that Laura and George have an almost telepathic mental link or connection which can bring about much mental sympathy and understanding between them.

*Communications with your partner can be better on the non-verbal than the verbal level. In conversation your partner may not seem clear or direct. If, however, you tune in on the vibrations rather than the words, understanding will be greater.*

Laura's ☉ □ George's ♃ (01°24') ★★★★★

### **Draining**

George can force powerful changes upon Laura, especially in the more intimate areas of their relationship. However, conflict is likely to arise sooner or later since the differences between Laura and George may just be too great for either party to be able to reach a workable compromise.

Inability to bridge the gap between their differences may bring out Laura's more dogmatic side, while George may become obsessive and possessive under stress. George's compulsiveness, intensity, secrecy and aloofness may be a further source of conflict. Friction occurs when George tries to change Laura while being resistant to change themselves.

This can be a powerful relationship, with Laura and George having the ability to urge each other on to greater heights but unless they can both learn to exercise greater self-control the relationship could deteriorate into a series of energy draining power struggles in which each tries to force their agenda upon the other. Sex is also likely to be a source of conflict.

*The home you share with your partner will not be a place of silence. You will feel that your partner communicates well in the home, so you'll probably want to invite people in with whom you can be sociable and feel comfortable.*

Laura's ♀ □ George's ♂ (04°23') ★★☆☆☆

### **Misunderstandings**

When it comes to their discussions and debates, both Laura and George may find it difficult to get a word in edgeways. While their conversations are usually very energetic and enthusiastic, George may feel Laura talks too fast and too much or vice-versa. Laura's tendency to reason and think things through can irritate George who is more impatient, desiring immediate action and gratification.

Therefore, unless they both exercise greater patience and self-control, the relationship will suffer from much tension and annoyance. George may be too headstrong and impulsive for Laura, while to George, Laura appears too concerned with talk and not enough with action.

Conflict is never far from the surface since George's aggressive spirit is at odds with Laura's reasoning and thoughtful approach. Misunderstandings, quarrels and friction will make close co-operation difficult for any length of time, especially since Laura can become increasingly tactless when faced with George's confrontational outbursts.

Laura may even consider George too pompous and unrealistic. Spiritual and intellect interests are unlikely to coincide and may become a source of conflict. In time Laura and George may find that, while they have a genuine liking for each other's company, deep down they probably have little in common.

### How Laura's charms affect how secure George feels

Laura has the ability of making George feel a certain inner contentment and emotional security and she may behave more like a loving, adoring parent than a partner towards him.

Laura and George enjoy each other's company and felt a strong mutual affection for one another the moment they first met. They are very much at home together, if and when, they do eventually decide to set up home together, Laura and George's relationship has one of the necessary ingredients for long-term domestic harmony.

Laura and George's life together is likely to be especially affectionate and their home will probably be more of a palace than a home. They will also enjoy entertaining at home and will acquire a reputation as generous and lavish hosts.

Laura and George can get so wrapped up in each other that they may have a deep urge to escape from the world to build a nest together. They particularly enjoy time in together, cooking for one another, and just being alone together in the privacy and intimacy of their home.

*Your partner displays talents in the home from which you derive pleasure, or ignores abilities and is indolent and self-indulgent. Motivate your partner to start an artistic project. You'll double your pleasure, or at least, lessen the laziness.*

### Overindulgence

If it's possible to have too much of a good thing then Laura and George will get very close. Love and adventure go hand-in-hand in Laura and George's relationship. Eventually, however, differences are likely to arise concerning their different philosophical and social interests.

Extravagance and over-indulgence may be a feature of their relationship because when they get together they seem unable to do anything in moderation, whether it's physical, emotional or financial.

In time, however, too much superficiality or concern with outward appearances or the expectations or opinions of others may undermine the relationship if Laura and George don't let each other be themselves. While this can be a hedonistic relationship Laura and George may not be prepared to work hard enough to achieve the depth and sincerity necessary for a serious romantic relationship.

### **How Laura's energetic drive affects George's feelings of security**

Laura and George can arouse some very strong feelings in one another and while the initial attraction between them was no doubt powerful, they need to be mindful to find outlets for their energy, especially Laura, otherwise the sparks that they both generate when they get together could easily spill over and at one extreme their private life together may be dogged by domestic strife and tensions.

One way this energy could be expressed would be through burning off excess energy in and around the home such as renovations, DIY improvements and decorations. Laura and George do have strong feelings for one another but they can easily switch from passionate like to dislike and back again.

Laura's presence can give George a greater sense of security and confidence, but this is unlikely to last if he begins to consider that she is too rash, impatient and impulsive so that the home subsequently becomes more like a battleground and a place where Laura lets off steam rather than a sanctuary of comfort, peace and security.

*It may seem that your partner wants to run activities in the home, telling everyone what to do and how to do it. If your partner does more directing than working, suggest that some of that energy could be used to accomplish tasks more quickly.*

Laura's ♀ △ George's ♃ (02°14') ★★★★★☆

### **Endurance**

Laura stimulates George's ambitions, encouraging him to progress and giving him added self-confidence in the process. Although George puts the brakes on Laura, this may prove very helpful and productive in areas where Laura acts impulsively or impatiently, without foresight. This aspect of Laura and George's relationship is an indicator of endurance.

Laura's courage, strength and physical drive can combine well with George's caution and wisdom. If Laura and George co-operate with one another, they can be very effective in joint projects and enterprises. Laura's ♃ □ George's ♃ (01°53') ★★★★★☆

### **Power struggles**

Although Laura and George have the ability to create grand plans together (and the potential power to make them a reality), nevertheless, they will eventually have to do something about their very deep differences in order to achieve their aims. George may eventually appear to try to thwart or frustrate Laura's attempts to progress. Power struggles are likely over ethical, financial or even metaphysical matters.

Laura may find George's approach too manipulative or too secretive, while George may consider Laura's optimism and happy-go-lucky approach to life lacking in depth and sincerity. George can become too obsessive, possessive and domineering while Laura may resent having her wings clipped and ideals undermined.

### How Laura's way of behaving affects George's recourses and sexuality

It probably wasn't very long after Laura and George met that they became aware of a powerful connection between them. Their relationship will be an all or nothing affair, emotionally and sexually intense and at times it may be difficult for either of them to exercise emotional control.

Nevertheless, during periods of personal change and upheaval, George is likely to benefit from Laura's help, both emotionally and financially because she seems to know just how to make George's juices flow. In fact, there may be times when an almost constant need for sexual gratification dominates their relationship. Laura will act as a catalyst in George's life and he can, if needed, rely on her support.

Laura will be willing to use her resources to help George change and transform himself, and his life, at the deepest level. With sexuality and intimacy very much to the fore, Laura may bring George the confidence to really come to terms with deep issues of trust; learning to be vulnerable through developing a deep desire for greater intimacy within their relationship.

At times Laura can appear possessive but she does offer the possibility of bringing stability into George's life. Not only is the sexual side of George's nature aroused by her, but so too is the potential of a deep spiritual awakening. This is likely to occur when they really get 'up close and personal'.

While power struggles can manifest from time to time over issues of money, sex, and power within the relationship, this is a reflection of deeper issues of trust that will surface between George and Laura as their relationship grows and evolves, through periods of personal and spiritual rebirth and transformation.

*Most likely you find that your partner is either more the 'responder' than the 'aggressor' in sex or else that your partner manipulates you in this area, but through gentleness, so if manipulation is the route, it will be subtle.*

Laura's ☾ □ George's ♃ (04°09') ★★☆☆☆
